

When our partners succeed, **so do we.**

Roberto Sanz
National Sales Manager

Prospa supports Partners with clever tools and resources that can strengthen ties with customers.

We help Partners identify and tap into opportunities to stay ahead of the market and secure their future.

Customer Success Story

Focused Supports Disability Services

After enjoying a solid 12 months in business, Cinci Dymock realised she needed some additional funds to take her Disability Services business, Focused Supports, into the next phase of growth. As her business model was unusual, Cinci struggled to secure the money she needed from her bank, so her broker suggested she try Prospa.

Prospa took the time to really understand what the business was about and what Cinci wanted to achieve – and we were able to give her an answer quickly on a Small Business Loan. Because funding was in her account in a couple of days, Cinci was able to jump on the opportunity to quickly expand her business and provide services to an extended group of people.
